

# Apple Industrial Hand Gel

Triple-action, industrial strength hand cleaner

- Industrial
- Mechanical
- Building sites
- Agriculture
- Mining

Apple Industrial Hand Gel is an industrial strength hand cleaner formulated to remove stubborn dirt, grease and grime from hands with ease.

### APPLE INDUSTRIAL HAS TRIPLE CLEANING ACTION:

- Mechanical cleaning from tiny polybeads suspended within specialty polymers.
- High performance detergents that eat away grease and grime.
- Glycerin to restore moisture to skin.

Apple Industrial contains none of the nasty hydrocarbons and petrochemicals found in other high-strength hand-cleaning products, which often lead to dermatitis and dry cracking skin.

Apple Industrial removes grease, oil, fresh paint, most inks, carbon black, metal dust, coal dust and most industrial soils.

### APPLE INDUSTRIAL:

- Is a powerful hand-cleaner for cleaning away all soils in the industrial environment.
- Is cost effective, as a little works hard and goes a long way.
- Is kind to hands and leaves skin soft, not dry.
- Has neutral pH of 7 – 7.6.

## Ordering Information:

Product Description	Order Code
Apple Industrial – 20 litres	6127
