OUR OBJECTIVES ARE TO MANUFACTURE PRODUCTS:
To be user safe – to be environmentally friendly – to conquer the task at hand

CITRUS EXTRACTION LIQUID

A low foam, phosphate free carpet extraction liquid. Contains d-Limonene (Orange Oil) for a fresh perfume and extra cleaning power. Suited for use in extraction machines and spot cleaning.

This is also an excellent upholstery cleaner.

Dilution Rates:

Spotting – dilute 200ml per litre of water. Apply with a trigger spray, agitate and sponge with water or extract.

Extraction Method:

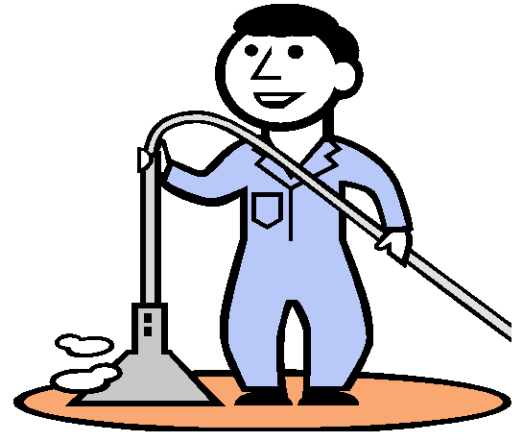

Heavy Soilage – dilute 1 part product with 80 parts water (250ml-20 litres).

Medium Soilage – dilute 1 part product with 175 parts water (115ml – 20 litres).

Light Soilage – dilute 1 part product with 300 parts water (70ml – 20 litres).

Water Temperatures:

For best results, warm water should be used although Extraction Liquid will operate cold.

“SPOT SHOT” CARPET SPOTTER

A *serious* carpet spotter for removal of tar, oil & grease stains and sticky substances such as chewing gum and Blue Tack.

This is a pure ‘orange oil’ based product.

Apply with a spray motion, agitate toward centre of soiling, sponge or extract out.

‘213’ DEFOAMED SPOTTER

For removal of blood, faeces, tannin, coffee, nicotine etc stains. Spray on neat, agitate, sponge off or extract out.

DEFOAMER

A highly concentrated liquid designed for the use in extraction recovery tanks
