**OUR OBJECTIVES ARE TO MANUFACTURE PRODUCTS:
To be user safe – to be environmentally friendly – to conquer the task at hand**

COMMERCIAL LAUNDRY

The following are all Commercial Products designed to be used through machine dispensing equipment.

Breakwash—A liquid break, designed to break up heavy soiling prior to washing

Commercial Liquid Laundry—A heavy duty, non caustic Liquid Laundry designed for the cleaning of the heaviest soils.

Power Peroxide—50% peroxide solution for supreme whiteness.

Germicidal Fabrisour—Fabric Softener which contains an additive to sanitize and neutralise the pH level.

Sour Liquid—A liquid pH adjuster

Laundry pre-spray —A concentrated, laundry pre-spray that can be diluted for light soiling.

Oxygen Nappy Pre-Soak—A heavy duty fabric pre-soak for whites and colourfast fabrics to be used in hot water over 50°C.

Commercial Laundry Powder—A heavy duty, non caustic powder designed for the cleaning of the heaviest soils in Laundering.

Glide Over laundry Starch—For starching heavy table cloths, serviettes and any fabric that requires starching. This starch contains an Ironing Aid.

Germicidal Fabric Softener—A fabric softener designed to sanitize and to give the utmost softness and freshness.

Glide Over Ironing Aid— Designed to help make ironing a breeze—with a fresh lemon fragrance.
