

Crystal Dishwasher Powder

High performance with built-in rinse aid

Cleans • Sanitises • Degreases

Crystal Dishwasher Powder is a high performance, economical, environmentally responsible and septic-safe dishwasher powder.

CRYSTAL DISHWASHER POWDER:

- Has been specially formulated for high-use commercial machines in hotels, pubs and restaurants.
- Is also suitable for domestic use.
- Cleans, sanitises and removes grease from the dirtiest dishes, leaving them spotless and hygienic.

Crystal Dishwasher Powder already has an inbuilt rinse aid, which makes it excellent value for money.

It is available in convenient 5kg, 10kg & 20kg plastic pails.

Mountain encourages everyone to recycle. The empty plastic pails are readily reusable and this keeps them out of landfill.

HOW TO USE:

Dosing should be as recommended by the manufacturer of your machine.

Mountain also supplies non-fuming descalers, in powder or liquid, for descaling dishwashers, as well as kettles and urns.
