PEROXY CLEAN

Available with or without Floral Perfume

Mildew and Mould eliminator

ANTI-BACTERIAL MULTIPURPOSE CLEANER & SANITIZER

POWERFUL, QUICK & CONVENIENT CLEANER—CUTS THROUGH GREASE

- EASILY REMOVES TOUGH GREASE & DIRT
- BIO-DEGRADABLE & PHOSPHATE FREE
 - CHLORINE BLEACH FREE
- SUITABLE FOR SEPTICS, ECO & SULLAGE SYSTEMS

Mountain Peroxy-Clean, *with active Oxygen*, cuts through grease and dirt, killing germs. It contains natural solvents that boost solvency, giving fantastic grease cutting power. The active Oxygen sanitizer ensures hygienic cleanliness. Mountain Peroxy-Clean ensures all areas cleaned to be clear of any bacteria. Designed as a **concentrated** product to be diluted at different rates to cover all areas that require cleaning. Peroxy-Clean will eliminate the use of all caustic, chlorine based products. Peroxy-Clean meets all **EPA, Council and Government** regulations.

DIRECTIONS:

For General cleaning & Disinfecting — can be diluted from as little as 3ml per litre to 50ml per litre. This product will eliminate the use of many of the products you currently use. **100ml per litre to clean mildew from concrete paths, diluted product can be added to the washing machine to boost your laundry. 30ml per litre will spot clean carpets & 20ml per litre for floor washing.**

Kitchen Cleaner/Spray & Wipe— dilute up to 10ml per litre, spray product onto bench tops, hard surfaces and wipe off with a moist sponge or cloth. (**ALSO AVAILABLE WITH NO PERFUME**). Great for floor washing, filter cleaning, cold rooms walls and splashbacks. 5ml per litre will clean glass and windows.

Shower Cleaner—Dilute at 50ml per litre—simply spray on shower tiles and grout, agitate and rinse off with water—for tough mould, agitate with a scouring pad.

Toilets & Urinals —Dilute at 50ml per litre. Squirt inside bowl, agitate with toilet brush and flush. For urinals, squirt onto surface of stainless steel, agitate thoroughly and rinse off.

The uses are limited only by your imagination

Contains no:

**Formaldehyde, Glutaraldehyde,
Nitrates, Caustics, Acids, Sulphates, Phosphates, Chlorine or Quats**
