in the workshop

Ferrous Metal Dip

A heavy duty, caustic based degreasing powder which provides quick, easy removal of heavy grease deposits, oil, carbon & paint, from ferrous metal. For use in dipping tanks. Contains corrosion inhibitors to prevent oxidation of cleaned items.

Alloy Metal Supa-Dip

A heavy duty, non-caustic degreasing powder, which provides quick, easy removal of heavy grease deposits, oil & carbon from Alloy metals. For use in dipping tanks. Contains corrosion inhibitors to prevent oxidation of cleaned articles.

Certify HDC Liquid Degreaser

A heavy duty, caustic based liquid that is citrus boosted for the heaviest degreasing of vehicle engines and chassis and concreted areas.

Grease & Concrete Cleaning Powder

A super, heavy duty, caustic based powder for the removal of all grease and grime from concrete areas.

Graffiti Remover

A highly alkaline, water soluble solvent. Designed to remove all types of Graffiti Paints.

Petroleum Based Tar Remover

has been designed to use where a natural product is not necessary. It is petroleum based and is more beneficial where excessive amounts are required.

Automotive Wash & Wax NEUTRAL—NO SOLVENTS— BIODEGRADABLE

Cleans & restores shine in one simple operation

De-Tar

d-Limonene based for easy tar and bug Removal. All natural—contains no Hydrocarbons
