**OUR OBJECTIVES ARE TO MANUFACTURE PRODUCTS:
To be user safe – to be environmentally friendly – to conquer the task at hand**

In the Workshop

Ferrous Metal Dip

A heavy duty, caustic based degreasing powder which provides quick, easy removal of heavy grease deposits, oil, carbon & paint, from ferrous metal. For use in **Hot Dip Tanks**. Contains corrosion inhibitors to prevent oxidation of cleaned items.

Alloy Metal Supa-Dip

A heavy duty, non-caustic degreasing powder, which provides quick, easy removal of heavy grease deposits, oil & carbon from Alloy metals. For use in **Hot Dip Tanks**. Contains corrosion inhibitors to prevent oxidation of cleaned articles.

HDC DEGREASER

A heavy duty, caustic based liquid that is citrus boosted for the heavier degreasing of vehicle engines and chassis and concreted areas.

CONCRETE CLEANING POWDER

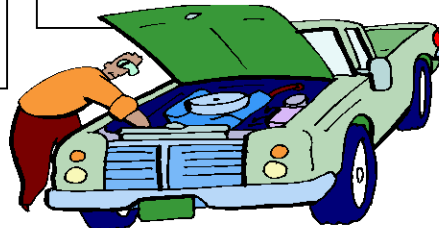

A heavy duty, caustic based powder for the removal of all grease and grime from concrete areas.

GREASOLVE

A heavy duty, natural orange based product with an added surfactant for easy rinsing. For dissolving heavy grease & oil deposits.

NATRUSOLVE

A heavy duty, natural, orange based product, with no additives. Designed to dissolve heavy grease deposits leaving a natural oil film.

POISON

Overalls to cover all exposed skin. Safety boots advisable.

First Aid Instructions

- **Swallowed:** If swallowed, rinse mouth thoroughly with water. Do not induce vomiting. Seek urgent medical attention.
- **Eyes:** Immediately irrigate with copious quantities of water for at least 15 minutes holding eyelids open. Seek immediate medical attention & continue irrigating eyes while in transit.
- **Skin:** Immediately remove contaminated clothing and wash skin thoroughly with water for at least 30 minutes.
- **Inhaled:** Remove victim from exposure—avoid becoming a casualty. Seek immediate medical attention.
